

Sample Verification Program Agreement

Terms and Conditions

These Sample Verification Program Agreement's ("SVP Agreement") Terms and Conditions apply to your purchase of goods of sample parts ("Parts") from 3D Hubs B.V., a private limited liability company, having a place of business at Danzigerkade 23A, 1013 AP, Amsterdam, The Netherlands ("3D Hubs").

This SVP Agreement does not in any way supersede the 3D Hubs Terms of Sale.

By signing this SVP Agreement you agree that:

- 1) The quote includes the SVP service and Parts.
- 2) The SVP Parts will be manufactured and delivered to you before the production of the full order begins. You accept that this process will increase the original lead time as quoted.
- 3) After receiving the SVP Parts, should you wish to make alterations resulting in the design of the Parts changing, you will be invoiced for the price of manufacturing the SVP Parts only at a price that is equal to the cost of two units per line item as quoted. For the altered parts, new pricing will be agreed upon.

You agree that the following quote #472VB5W4 will be subjected to 3D Hubs SVP procedures.
